### REMARKS

As a preliminary matter, Applicants' representative would like to thank the Examiner Hoffman and Examiner Revak for courtesies extended in the personal interview conducted on September 1, 2004. An Examiner's Interview Summary Record (PTOL-413) was mailed September 3, 2004. Applicants submit this Statement to comply with the requirements of M.P.E.P. § 713.04.

In the interview, the following was discussed:

**A. Identification of claims discussed:**

Claims 1-27.

**B. Identification of prior art discussed:**

U.S. Patent No. 5,993,501 – Leppek

U.S. Patent No. 6,466,671 – Maillard, et al.; and

Publication “Applied Cryptography: Protocols, Algorithms, and Source Code in C,”  
Second Edition, pp. 466-474 - Schneier

**C. Identification of principal proposed amendments:**

The dependent claims and specification were discussed to evaluate whether incorporation of such subject would overcome the prior art of record and advance prosecution.

**D. Brief Identification of principal arguments:**

Applicants' representative discussed the claimed invention and the cited references.

Applicants' representative also discussed the Amendment under 37 C.F.R. § 1.111 filed on July 1, 2004, in the above application, which Applicants believe should overcome the applied references.

**E. Results of the Interview:**

The motivation to combine references was discussed. The Examiner maintained that "it would have been obvious to combine Leppek and Maillard" (e.g., see Interview Summary mailed September 3, 2004).

Applicants' respectfully argued that it would not have been obvious to combine the cited references to arrive at the claimed invention for the reasons set forth in the Amendment under 37 C.F.R. § 1.111 filed on July 1, 2004.

**F. Conclusion:**

For the reasons set forth in the Amendment under 37 C.F.R. § 1.111 filed on July 1, 2004, the Examiner is respectfully requested to reconsider and withdraw the prior art rejections and pass the above application to issue at the earliest possible time.

It is believed that no petition or fee is required. However, if the USPTO deems otherwise, the Commissioner is hereby authorized to charge any deficiency in fees or to credit any overpayment in fees to Assignee's Deposit Account No. 50-0510.

Respectfully submitted,

Date: September 10, 2004
